

2024 “Knights of the Highway” Nomination Form

Sponsored by the New Mexico Trucking Association

A professional driver has a demanding job, filled with training requirements, compliance and paperwork outside of the actual “job” of driving. Most drivers perform these tasks at a very high level, achieving millions of safe driving miles over decades in the industry.

Some drivers find themselves in situations that clearly require them to go “above and beyond” - assisting law enforcement on the highway, providing first aid to accident victims, performing life-saving deeds out on the road. These exceptional acts make up a true “Knight of the Road.”

These awards are presented each year to individuals that have demonstrated acts of heroism, courtesy and overt kindness on the road. Nominations are open to any NMTA member company.
